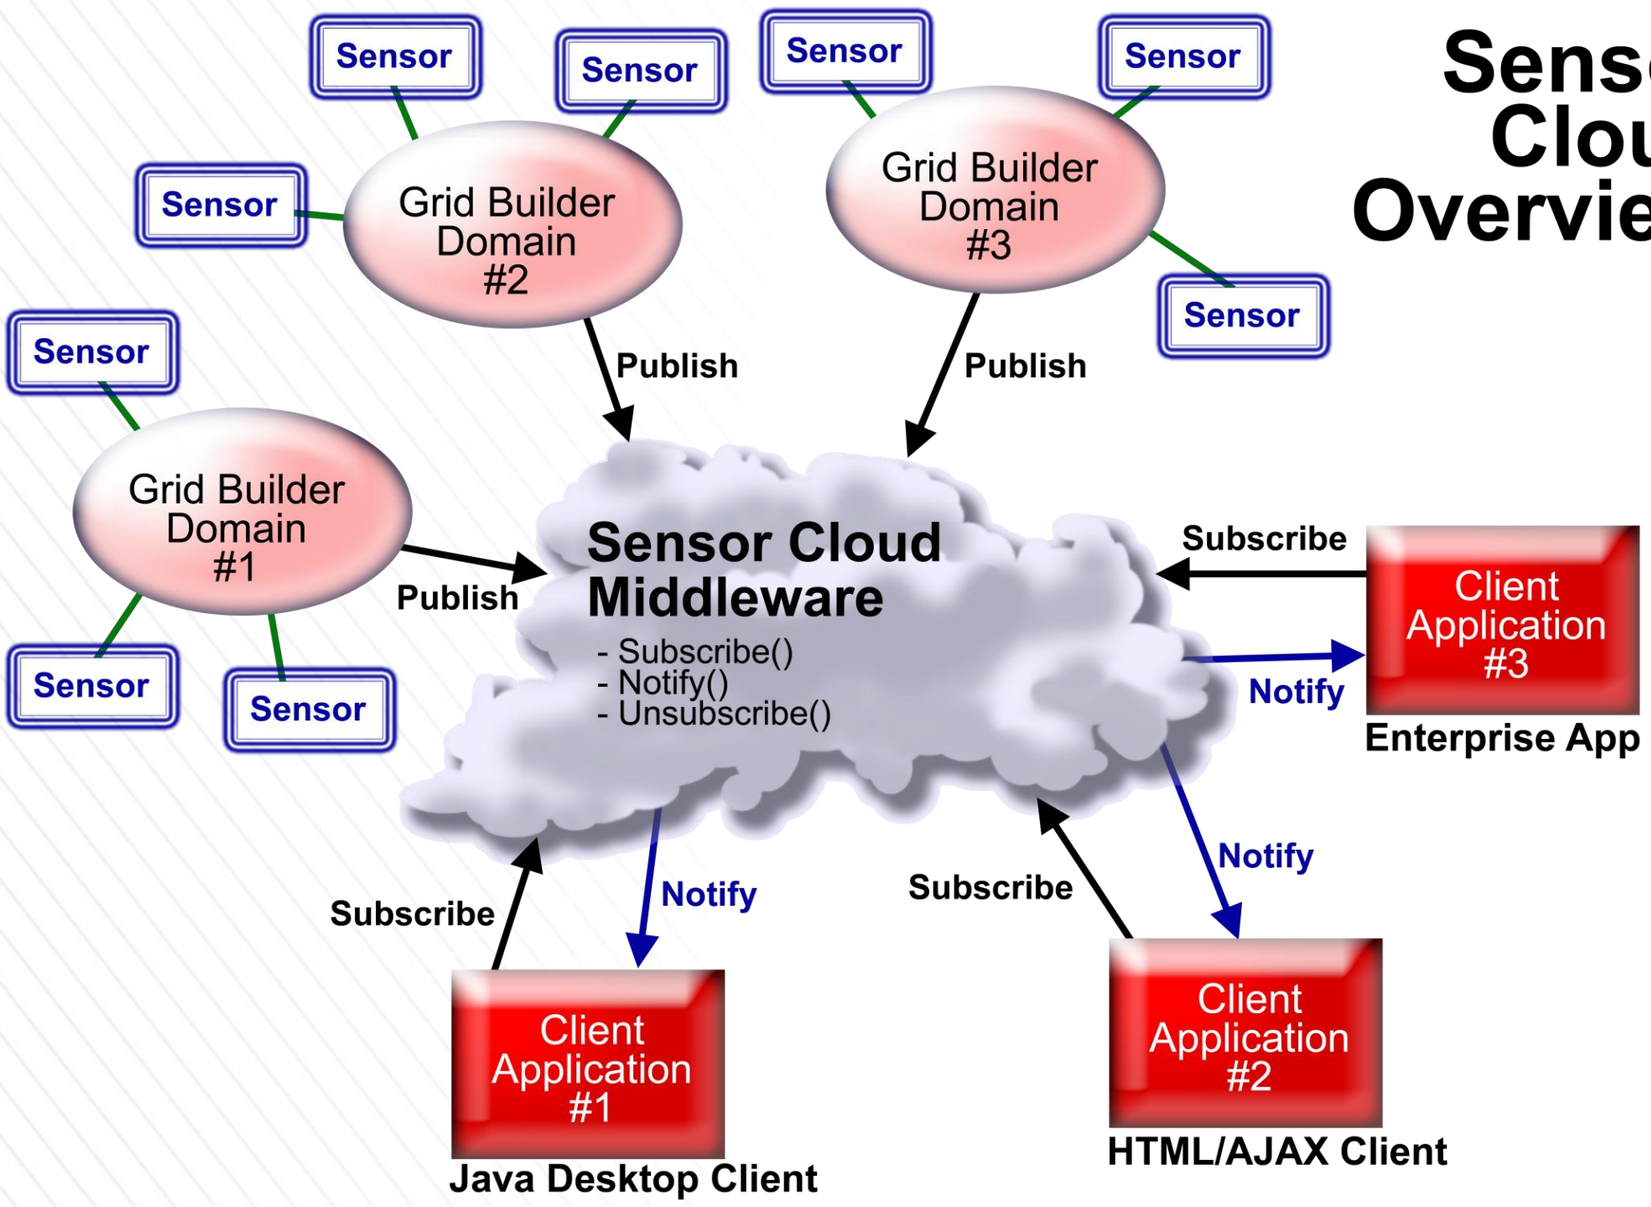
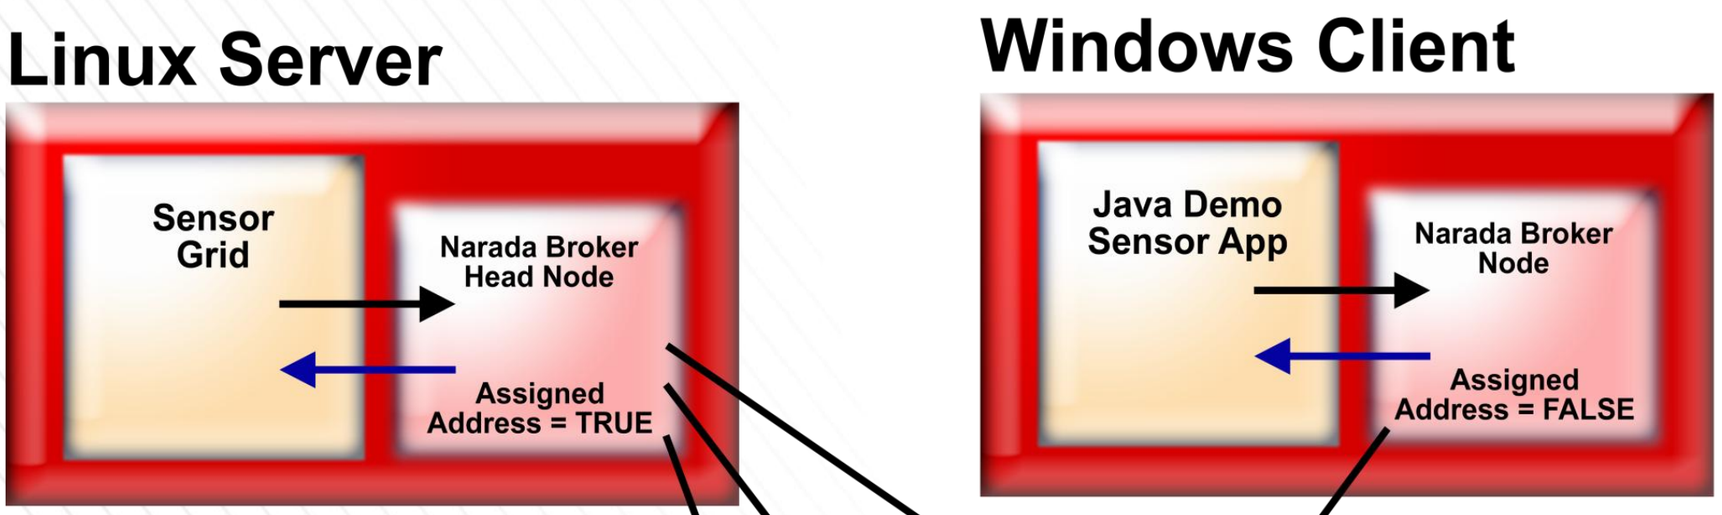
Sensor Cloud Project



Sensor Cloud Overview



Digital SCIENCE CENTER

Sensor Cloud Features:

A highly scalable message passing middleware based on the pub/sub design pattern and a rich API for developing custom sensors and client applications

Presentations:

Toward Securing Sensor Clouds
Apu Kapadia, Steven Myers, Xiao Feng Wang and Geoffrey Fox
Session C1, Talk #3
Tues 10:20am to 12:00pm University Suite I/II

Measured Characteristics of FutureGrid Clouds for Scalable Collaborative Sensor-Centric Grid Applications
Geoffrey C. Fox, Alex Ho, Eddy Chan
Session A10, Talk #4
Wed. 1:20pm to 3:20pm Ben Franklin IV/V

PERVASIVE TECHNOLOGY INSTITUTE
INDIANA UNIVERSITY
